Plans are being completed for the annual Jamboree Day here, to be held on Wednesday, July 30, and sponsored by the Didsbury Lions Club.

The event this year will take place at the Didsbury Memorial Arena grounds and a full program for the day has been arranged. Offices and places of business in town will close for the day to enable everyone to take part in the celebrations.

Cremora, Olds, Westerdale and Didsbury will compete in a ball tournament starting at 11 a.m., with further games at 1 p.m. and a final at 3 p.m.

A regular Chinook League baseball game between Didsbury and Calgary Mercury will take place, starting at 6:15 p.m.

Children's races will be featured for all ages and four teams of Pee Wee baseball clubs from Didsbury and neighboring towns will compete for prizes.

Refreshment booths on the grounds will take care of the inner man and games, and will provide fun and enjoyment for all the family.

Windup of the big day will see a dance at Melvin Hall at night, sponsored by the Canadian Legion, Didsbury branch. Music will be supplied by Krebs orchestra.

## Pioneer Of District Passes At 72 Years

A resident of this district for the past 51 years, Fernando "Bert" Pross died at his home Monday morning following a lengthy illness.

Mr. Pross was born in Midway, Ont., 72 years ago and spent the greater part of his life in Didsbury district where he farmed until retiring some time ago.

Besides his wife he is survived by two daughters, Mrs. J. E. Bolton of Hartmann and Mrs. A. B. Grange, Didsbury; two sons, Howard and Lester of Didsbury, and seven grandchildren. Funeral services will take place at 2 p.m. Thursday from Knox United Church, Didsbury, with Rev. J. E. Kirk officiating. Interment will follow in Didsbury cemetery.

## FARM WOMEN MEET FOR CONVENTION IN OLDS

Other speakers during the week will include Mr. A. C. Jakeman, acting superintendent of the Bowden Institute; Mr. J. E. Brownlee, C.E.; Dr. A. Ralph Schrag of the guidance clinic operator; and the department of health in Edmonton.

## Softball Classic Ends In Draw

The annual softball classic of the year, Legion versus Lions, took place last Thursday evening and although counting is still taking place it is generally conceded the game ended up at 17-17 after seven innings.

Nearly a week later there is still evidence of the game in the stiff muscles of the would-be "youngsters." Legion were thinking of protesting the result on several points but a quick check revealed they wouldn't be able to field a team again until about this time next year.

According to unofficial sources line score was as follows:

Legion: 17 hits, 17 runs, nine casualties. Errors 5.  
Lions: 17 hits, 17 runs, nine casualties. Errors 7.

## Red Cross Campaign Goes Over The Top

With some canvassers yet to report, Didsbury Red Cross headquarters has announced the local drive for funds has passed the \$2,500 quota set, following a seven-week campaign.

Didsbury and district have once again lived up to their reputation as always having surpassed their quota, a record we should be justly proud of.

The campaign was held later this year due to local conditions and credit for its success can be accounted for by the good organization and hard work of canvassers.

Following is a further list of donations:

C. Malloch \$2, S. J. Gilson \$5, E. B. Grange \$2, M. Anderson \$1, L. LeGrand \$1, E. J. Dupont \$5, J. McCloy \$3, C. Spreeman \$6, Payne-Freeman \$10, Noah Swantz \$10, Walter Pratt \$5, E. L. Shantz \$2, R. G. Rowntree \$1, Alfred Snyder \$2, J. Warren \$25.

## Hospital Vote Hinges On Fallen Timber Poll

With one poll still unreported late Tuesday afternoon, the vote on the \$98,000 Didsbury Municipal Hospital by-law was still undecided at press time. Polling Division No. 6, Fallen Timber, had yet to come in.

Unofficial reports had 287 in favor of the by-law and 182 against, which means that at present the by-law is about 25 votes short of the required two-thirds majority.

Voting was light in nearly all polls, probably due to very heavy rains over the weekend and all day Monday.

The vote in Didsbury town was in favor of the by-law as were most districts close in, but Carstairs and district voted quite solidly against the money by-law.

Following is an unofficial list of polls reported so far:

	For	Against
Polling Div. 1	6	14
Polling Div. 2	9	1
Polling Div. 3	7	30
Polling Div. 4	15	5
Polling Div. 5	11	14
Polling Div. 6	30	12
Polling Div. 7	23	18
Polling Div. 8	27	18
Polling Div. 9	35	25
Polling Div. 10	31	15
Polling Div. 11	10	1
Polling Div. 12	88	39
Total	287	182

## Olds Boy Suffers Loss Of Both Arms

Frank Chaffin, 12-year-old son of Mrs. Lou Chaffin of Olds, lost both arms above the elbows Sunday night when the horse he was riding bolted and threw him under the wheels of a locomotive at the north rail crossing in Olds.

The lad was approaching the crossing on the horse when the animal became frightened by the approaching train. It bolted and ran directly in the path of the engine and threw the lad under the wheels. The horse was killed.

The accident occurred at 8:45 p.m. Train crew members called the R.C.M.P. who rushed the lad to Olds Hospital.

## GRAIN CROPS WELL ADVANCED; HAVING DELAYED BY RAIN

Heavy rains during the past two weeks, particularly on the week end, brought additional moisture that was unnecessary for grain and hay crops at this time and as a result hay operations and work on summerfallow have been delayed.

Some hail fell recently along the Little Red and Fallen Timber rivers and while no severe damage was done to grain crops these are coming back and barring unforeseen difficulties these areas should produce an average crop.

Most of the grain is now headed or heading out with good growth and warm weather is needed now to fill the grain and bring on a normal harvest.

## SASKATCHEWAN STEM RUST MAY BE OF WORST KIND

REGINA—Presence of wheat stem rust in the west is a situation because of the possibility that it may be race 15B, for which there is no resistant wheat variety.

Samples of Thatcher wheat bearing stem-rust pustules have been received by the Saskatchewan plant industry branch from the Westburn, Lang, Milestone, Stoughton, Creelman and Fillmore areas.

Government grain authorities agree that the rust is stem rust and since it is found on Thatcher and other rust-resistant varieties there is every reason to believe it may be race 15B, a new race of stem rust for which a resistant variety has not been developed.

So far there are no reports of the rust in Alberta.

Tests to identify the race of the rust infection are under way at the Dominion rust laboratory in Winnipeg.

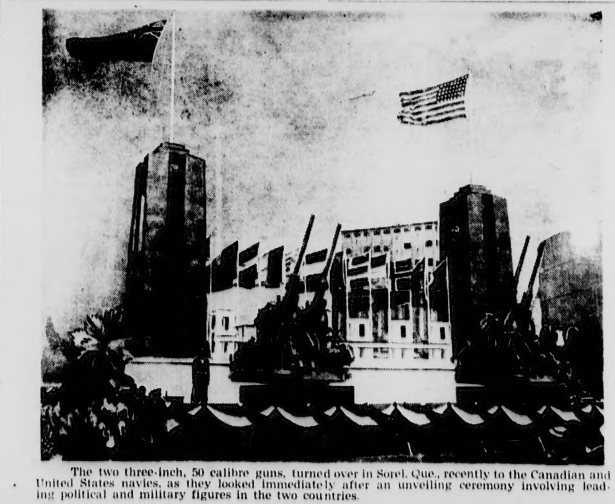

Dr. J. E. Machacek of the federal laboratory of plant pathology in Winnipeg said the situation is not considered to be too serious, but could become dangerous if present weather continues. It was too risky to make a prediction at this time.

The wheat crop is most susceptible to stem rust infection when it is in the milk stage, the stage of development which the Saskatchewan wheat crop now is approaching.

Some of the crop at the present time is in the late flowering stage and the crop generally will be in the milk stage in about a week.

## FARM ACCIDENT

Mr. Alex Crook, age 50, an old timer of the Pincher Creek district, was killed recently in a tractor accident on his farm. Apparently he was driving his tractor near the edge of an embankment when the ground gave way and the tractor overturned, crushing him beneath. A newspaper clipping file of the Alberta Wheat Pool indicates that overturning tractors have claimed the lives of at least five Alberta farmers this spring and have seriously injured several others. This should impress upon farm people the need of taking greater care when working with the farm tractor. Remember, it is a dangerous implement.

## You're always ready for harvest time with a Massey-Harris Combine

Conditions at harvest time for taking off the crop may be good or bad according to the action of the weather. But when you are mechanized with up-to-date combine equipment you're ready to go when the crop is right in good weather and you can make the most of any favorable conditions during the difficult seasons. Combine harvesting is the easy, low-cost modern way to harvest under normal conditions and in many tough years the combine method has saved the day for farmers.

A modern combine, too, simplifies the harvest labor problem—many farmers handle their crop with little or no extra help at harvest time.

For years Massey-Harris combines have been noted for their outstanding ability—your Massey-Harris local dealer will be glad to give you full details about the latest models.

## VOTE HOW YOU LIKE . . . BUT VOTE

Within the next few weeks you will no doubt hear political forecasts, promises, predictions, etc., from all angles. On August 5th the provincial election will take place and Albertans will have an opportunity to exercise their precious right of the secret ballot.

The secret ballot is the citizen's shield against political oppression. So long as we hold this right we maintain the power to choose the kind of government we want. Loss of this privilege would be loss of our freedom.

In the coming provincial elections every voter should take advantage of his franchise. Every voter in the Didsbury constituency is free to cast a ballot for whatever candidate or political party he chooses.

The important thing is to vote. We repeat . . . VOTE AS YOU LIKE . . . BUT VOTE.

## INNISFAIR RAT NORWAY SPECIES

District Pest Control Officer Vic Bjorkeland of Red Deer, has announced the finding of the first brown Norway rat in Central Alberta.

A medium-sized rat was found dead at Innisfail recently by Bob Knight, United Grain Growers agent, who found the rodent on the railroad tracks. The pest officer checked and confirmed the earlier suspicions. It was definitely a Norway brown rat, he declared.

## CHRISTIAN SCIENCE

The everlasting search for truth will be aided Sunday in Christian Science churches where the Lesson-Sermon "Truth" will deal with the words of the supreme authority on this subject as follows: "Jesus saith unto him, I am the way, the truth, and the life; no man cometh unto the Father, but me" (John 14:6). It will also contain this admonition from "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "We must seek the undivided garment, the whole Christ, as our first proof of Christianity, for Christ, Truth, alone can furnish us with absolute evidence." (112: 7-10).

## Agricultural SERVICE BOARD NOTES

W.K. Snyder, Field Supervisor

**Bladder Campion:** Within the past few days I have come across this weed in various places, roadsides as well as fields. It seems that very few people are familiar with it so my letter this week will concern bladder campion.

It is a perennial with deep running root stocks which send up many barren shoots and branched flowering stems, erect or nearly so. The whole plant is pale green and will grow from one foot to two feet in height, forming large tufts. Leaves are ovate lance shaped, in pairs, meeting the round stems. Flowers are white and proceed to bloom at the end of the bladder shaped seed pods which, when fully developed are as large as an average size marble.

The seeds themselves peculiarly grow on a central "cob" almost exactly the same as corn grows on a cob, but in miniature. The seeds themselves so closely resemble night flowering catchfly and white cockle that they can only be separated by an expert. It would pay you at this time of year to look over all your fields and make sure that there are no "foreigners" present. There are some weeds so noxious that if farmers knew their real character and recognized the plants on their first appearance they would postpone all other business until they were destroyed.

Life is a great adventure, or merely a process of vegetation and decay.

## WEDDINGS

### WEISS-SORGE

Friday, July 11, the Reed Ranch Baptist Church was the scene of a lovely wedding when Miss Ivy Weiss became the bride of Mr. August Sorge at a double-ring ceremony.

Rev. Paul performed the nuptial rites at the late afternoon ceremony before an altar banked with seasonal flowers.

The bride, given in marriage by her cousin, Mr. Sicak, wore a lace and net over tulle dress with lily-point sleeves and a finger tip veil falling gracefully from a seeded head coronet. Her only ornament was a double strand of pearls, the gift of the groom.

The bride carried a white Bible with a bouquet of pink carnations and white Stephanotis tied with white satin ribbons.

Miss Norma Erickson, as bridesmaid, wore a dress of yellow tulle and carried a bouquet of Ko-Ko-Mo carnations.

Mr. Walter Unger was best man and the ushers were Mr. Harry Unger and Mr. Gordon Weidman.

Miss Elsie Unger sang "Because," and "I'll Walk Beside You," accompanied by Miss Dolores Wiedman on the piano.

Following the ceremony 170 guests sat down to a wedding supper.

Mr. and Mrs. Weiss will spend their honeymoon in B.C. and various U.S. points. For traveling the bride wore a navy dress with white accessories and a tan shortie coat.

Out of town guests included Mrs. J. Falkenberg and Mr. and Mrs. Tony Witt of Edmonton; Mr. and Mrs. Sikol Lavoy and Mr. and Mrs. Ole Berild of Cowley; Mr. and Mrs. Don McMullen, Mrs. Banta, Anna Mae and Derrill, Mrs. Dawson and Mrs. Long, all of Didsbury.

Redeemer Ladies' Aid  
Holds July Meeting

The Redeemer Ladies' Aid held their regular meeting on Thursday, July 10, in the church basement, with 14 members and four visitors present.

After singing of a hymn, scripture reading and prayer, Rev. Fox issued his topic on "Let Wisdom, Get Understanding and Why," taken from different parts of chapter 3 and 4 of the Book of Proverbs. He pointed out that we should show our love for God openly, not hide it away inside ourselves.

It was decided to hold a congregational picnic on Sunday, July 27 at Melvin Hall. Service will start at 11 a.m. with a midday meal, everyone bringing their own food for a potluck dinner. Mrs. F. Befus and Mrs. E. Fox are to look after the meats and the Waltham League was asked to look after the booth again this year.

It was reported that the linoleum had been purchased for the parsonage.

Sick committee this month will be Mrs. H. Wislusen.

The meeting closed with the Lord's Prayer and a lovely lunch followed.

Mrs. A. Wismer  
Dies at 73 Years

Mrs. A. Wismer passed away at her home Tuesday, July 1, at the age of 73. She was born and raised in Marion, Kansas, and in 1899 she married Amos Wismer. In 1903 they moved to Canada, homesteading at Elbow, Sask. Later they moved to Assiniboia, Sask., and in 1935 to Westward Ho, Alta. After the passing of her late husband she resided in the Eagle Hill district next door to her daughter.

Surviving are two daughters, Mrs. Gladys Cade, Eagle Hill; Mrs. Irene Johnston, Assiniboia, Sask.; three grandchildren, Mrs. Lois Hudson, R.R.1, Bowden; Mrs. Lorraine Moore, Calgary; and Phyllis Cade, Eagle Hill; two sisters, Mrs. Hayne Vancouver; Mrs. Hendrick, California; and one brother, Alex Seibert, Kansas.

Funeral services were held Saturday, July 5, from the Orme Funeral Chapel, Olds, with Rev. Miller conducting the services. The soloist, Mrs. G. Clark, sang "Beyond the Sunset." Interment was in the Olds cemetery.

Palbearers were Messrs. Cade, Scarlett, Grace, Welsh and Grant. The many floral tributes showed the high esteem in which she was held.

Do not go to bed worrying about today's problems. Get a good sleep and wake up fit; tomorrow's are likely to be worse.

Spare Your  
Kitchen Counter

There is no place in your kitchen that gets harder wear than the counter top, says Miss Caroline Judson, Home Designing Specialist, Alberta Department of Agriculture. Very durable substances are now available and they usually have a guarantee. They will probably last for years, but they require care if you wish to keep them colorful and attractive.

Stainless steel needs a little attention every day. It should be washed and then wiped with a dry cloth. A good metal polish will remove the cloudy, dull film. A fine scouring powder with a few drops of ammonia added will form a paste which will clean the surface. Rinse and dry thoroughly. Fine steel wool (or a liner) will remove scratches. Metal metal requires the same care as stainless steel.

Plastic counter tops are hard and durable. Sharp knives and hot utensils can do serious damage, so use some care. Soap and water will clean plastic; apply a cream wax or the new silicone polish for a brighter shine.

Linoleum needs a coat of wax once a month to prolong its life. If you wish to avoid spotting don't let any soapy water stand on the counter for very long. If water is allowed to seep under linoleum it will destroy it. Watch particularly at the joints and around the sink; a special waterproof gasket may be used at the sink.

Mower Adjustments  
Are Tricky

Farmers can save much valuable time now by making necessary adjustments to mowers before they are put into heavy use, says Prof. F. G. Webb, Department of Agricultural Engineering, Ontario Agricultural College. He points out that the proper adjustments of the cutter bar of a mower consist of three related items: (1) The "register" of the knife section; (2) the alignment of the knife and pitman; and (3) the "total lead" of the cutter bar.

Corrections of a fault in any one of these affects the others, says Prof. Webb. The mower should, therefore, be checked for all three items before adjusting it for any one trouble. Unless the relationship between these three items is clearly understood it may be difficult to correctly adjust a cutter bar on any mower.

Each of these items is taken up in detail together with common mower troubles and their cause, by Prof. Webb in Extension Circular No. 75, obtainable from the Publicity Branch, Ontario Department of Agriculture, Toronto, at the office of the agricultural representative.

## WEDDINGS

**LUFT-NEUFELD**  
Baskets of peonies and columbines decorated the United Missionary church for the afternoon wedding July 16 of Gladys Violet Luft, eldest daughter of Mr. and Mrs. Adam Luft, Didsbury, and Mr. Daniel Henry Neufeld, son of Mr. Cornelius Neufeld, also of Didsbury. Rev. Wm. F. Kroening performed the ceremony.

Given in marriage by her father, the bride looked lovely in a full-length gown of satin and lace. The laces of lace was accented by pearl embroidered yoke and was finished with peter-pan collar and long sleeves. The full skirt of satin was fashioned with a front panel of lace. Her headdress was a coronet of pearls from which fell a full-length veil of embroidered net. She carried a cascade of two dozen red roses and her only jewelry was a heart-shaped locket, a gift of the groom.

The bride's attendants were her two sisters, Joyce and Mildred, and Lois Neufeld, sister of the groom. They wore pastel shades of mauve, yellow and green net over tulle. Their long net mitts and modest coronets, trimmed with pearls, matched their gowns. They carried bouquets of yellow, blue and peach carnations. Shanon Luft, tiny cousin of the bride, was flower girl and was dressed in peach embroidered organdy. She carried a bouquet of sweetheart roses.

The bride's mother wore a frock of powder blue with lace yoke and peplum. She had white accessories and wore a corsage of roses.

The groom was attended by two brothers, Abe and Amos, and a cousin, LaVerne Neufeld. Ushers were Ernest Neufeld and Wilfred Luft.

The nuptial music was played by Wilma Owens and the soloist, Miss Jeanette Neufeld, sang "O Perfect Love."

Following the ceremony one hundred and twenty-five guests were received at the Rugby hall, which was decorated with streamers and bells. The bride's table was centered with a three-tiered wedding cake and vases of peonies. The lovely banquet was served by the Misses Marion Luft, Wilma Luft, Beatrice Scott, Pat Halliday, Elsie Baudistel, Twyla Dyck and Verda Hiebert.

The toast to the bride was proposed by Howard Halliday, to which the groom responded.

For travelling the bride and groom wore twin suits of navy French gabardine. The bride had pink accessories and a corsage of red roses.
